

ANNUAL REPORT TO CONTRIBUTORS

SAINT GEORGE'S SCHOOL

2008 - 2009

I was wandering around the campus the other day, early for the Halloween parade, and I marveled at the beauty of the Saint George's campus. I was thinking back to how much it had changed since I first came to the campus in 1988; the look and feel of the place is much the same, but the growth in facilities and program has been remarkable. In 20 years the campus is still Saint George's, just better in so many ways.

In 1988 Metters Gym was the crown of the east end of campus, but it was too small to meet the growing needs of the school. Now we have the Errol Schmidt Athletic Center, a state-of-the-art facility. Back then the Middle School was still the "old barn," a well-loved space, but again not what was needed. Now we have the Upper and Middle School complexes with both aesthetic and plentiful learning space. The library, arts facilities, labs, and of course Founders Theater all are amazing improvements over what we had to work with 20 years ago.

I found myself wondering how all this was possible in a mere 20 years! How could Saint George's have come so far and still maintained its character and identity so well? The answer is obvious — through careful stewardship, planning, and the generosity of the entire Saint George's community. Every gift of time or money has gone to improving some aspect of the school's ability to serve kids. Every gift to Saint George's School has made and continues to make a difference to someone and it shows.

It does not take a historical perspective to appreciate the quality of the education and experience that Saint George's provides for our kids. Just visit a classroom on any given day, and you can see the difference that our gifts make for kids. The value of our gifts are represented not just in the state of the art educational facilities or the top-notch programs. It is not even the amazing quality of the teachers who inhabit the school and work every day for your kids that really show us the value of the your support of the school. It is seen most clearly in the faces of the kids on any given day in an given classroom. Just look at the kids' faces, and the real value of the annual fund becomes clear. Your gifts make a difference in the lives of kids — what better value is there?

Thank you for your participation in our annual fund. Each gift has a story and each gift makes a difference.

Sincerely,

Sally & Mike Poutiatine
